

UNITED STATES STEEL
FRACTIONALLY LOWERLondon Market Showed Small
and Irregular Changes.

ONE SENSATIONAL BREAK

International Power Takes an Unac-
countable Tumble—Its gyrations have
Little or No Effect Upon the Market.
Money Was Easy Through Forenoon.NEW YORK, April 30.—Among the in-
dustrial issues the United States Steel
stocks opened fractionally lower than
last night's final figures, while renewed
strength appeared in Virginia-Carolina
Chemical and American Cotton Oil.There were active dealings in the
American Locomotive issues, where the
fluctuations were irregular.
A further advance was noted in Ameri-
can Agricultural Chemical.Comparatively little was done in Amal-
gamated Copper or Sugar Refining.
The London market for American stocks
showed small and irregular changes, gen-
erally toward a lower level, and at the
opening of business foreign houses were
moderate sellers in this market.After the early dealings, there was a
fairly sensational break in International
Power which took place, however, with
nothing more definitive to account for it
than attended the recent advance in the
stock.The general market was comparatively
little affected by the extreme gyrations in
International Power, the chief effect of
which was to throw the market for curb
securities into utter confusion. Money
was easy throughout the forenoon, and
Sterling exchange continued firm at yester-
day's slight advance in rates.Sales to 1 p. m., 629,700 shares; bonds,
